AITP New Member Spotlight: Ravi Kashyap

This month's New Member Spotlight features Ravi Kashyap. Ravi is the President of Global Operations for SESCO Information Systems Inc. SESCO is a diverse Software Solutions and Professional Services Company, formerly known as May-soft Inc., founded on the vision of providing their clients with a competitive edge. They accomplish this by delivering cost effective IT solutions which are tailored to their strategic business considerations. Their aim is to develop strong, ongoing relationships with their clients, and long-term partnerships based on mutual growth and respect with industry vendors.

SESCO is managed by a group of professionals with expertise in the field of Print Production Systems and software development. Their focus is in the areas of Unix/Linux/Windows system administration and network management, productivity solutions based on web and client/server technology, and platform integration via TCP/IP, PERL, Apache and Mysql. They are a certified partner with and member of Source Forge, and are among a very few that provide Linux solutions.

SESCO Information Systems is based in London England, and also has offices in the United States and in India. SESCO has been in business for almost 3 years, and have operated in the United States since August 2005.

Ravi earned his Bachelors Degree in Civil Engineering from BMS College of Engineering, Bangalore University , India. Perl & Linux are Ravi's passion. He has vast technical and managerial experience in the IT industry including Perl, Active Perl, mod Perl, CGI, JavaScript, HTML and Shell scripts, Red hat Linux, UNIX (IRIX, FreeBSD, Solaris), Windows 2000 / NT MYSQL, Sybase ASE 11.x, PSQL, and MS-Access. Ravi also co-authored SESCO Linux Fundamentals (Feb 2005), a beginner's guide to Linux – authored with Sudha Nayak. Prior to co-founding SESCO Information systems Inc., Ravi had over 8 years of software development and marketing experience with various software consulting firms. His technology expertise includes management positions at several large software houses delivering targeted cost-effective IT solutions. During this period he co-founded Saehan InfoTech, a Korean technology company.

Ravi joined AITP to be a member of technology community in Nashville Area & networking. He and his wife Sudha and have been living in Nashville, since 2002. They enjoy traveling and love to cook different cuisines. They like the relaxed quality of music, and their favorite singers are Alanis Morissette, Norah Jones and Celine Dion. Ravi is also a great fan of Man United Soccer, his favorite player is the one and only David Beckham.

Welcome to AITP Ravi Kashyap!

Each Month we would like to feature a new or recent member in our Newsletter. This gives current AITP members a chance to get to know our new members. If you are a new or recent member and would like to contribute to the AITP Newsletter, please contact me for a New Member Profile.
